Prem Thakare

Full-Stack Developer | AI Automation | Cloud & DevOps

premthakare96680@gmail.com +91 9156621088 linkedin.com/in/premthakare/ github.com/PremThakareitm

PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience in AI automation, browser automation, LLM integration, responsive web applications, RESTful APIs, and cloud deployment. Proficient in React.js, Node.js, Express.js, MongoDB, JavaScript, Playwright, Ollama, AWS, Microsoft Azure, and GitHub Actions. Experienced in developing AI-driven workflows, maintaining production platforms, collaborating on UI/UX, and delivering product-focused web solutions.

EXPERIENCE

Edufu Technologies Pvt. Ltd. (CampusPe) 06/2025 – Present
Full-Stack Developer Intern Remote (Bangalore)

- Engineered an AI-driven job application automation workflow using Playwright, Node.js, and LLM-based processing to automate browser interactions and application flows.
- Created Auto-Apply workflows with Playwright and Ollama, handling dynamic pages, job information, forms, navigation, and contextual automation.
- Supported the development and maintenance of CampusPe's full-stack platform serving 800+ VTU-enrolled students, contributing across frontend, backend, database, and application functionality.
- Managed application deployments across AWS and Microsoft Azure and maintained CI/CD workflows with GitHub Actions.
- Reviewed UI/UX designs, suggested usability improvements, and contributed to implementation while collaborating with developers and designers during technical and product discussions.

Lets Upgrade 12/2023 – 01/2024
Software Development & Engineering Intern Mumbai, Maharashtra

- Developed responsive web interfaces and interactive components focused on usability, accessibility, and user engagement.
- Worked with UI/UX teams to translate design requirements into user-friendly web experiences and support initiatives aimed at improving web visibility.
- Participated in cross-functional discussions, contributing technical approaches and practical solutions for product implementation.
